### After School Guidelines

- Westland's After School Program is a free opportunity provided by Westland School for its students. Students must be registered for the afterschool program by the parent giving permission for the child to come to the afterschool program. Registration will include parent information including a current phone number that will be answered between 2:30 pm and 5:00 pm each day, method of student going home and approximate time they should be leaving and which days the student will attend the after school program.
- Parents are responsible for their child who leaves campus with or without parent permission. The campus does not lock students in, but we make every effort to be sure students who are supposed to attend are where they should be. Students who leave campus without permission will not be allowed to return to the program. The school must be able to reach a parent about early pickup.
- Students must be picked up before 5:00 pm. Students who walk will leave campus no later than 4:30 pm. Students who are late being picked up twice will not be allowed in the program for the rest of the semester
